Cheryl Williams

"Craig built our house and if I build again he will build our next house!! Outstanding builder and wonderful person to work with!!"

Chris Tincher

"Craig built our current home. He was mindful of our needs and our budget while incorporating what we wanted to build into the home. He also resingled our roof after the 2010 hailstorm. He and his subcontractors provided us a home with which we have been highly satisfied and would not hesitate to contact him again should we need another home built or repair work done."

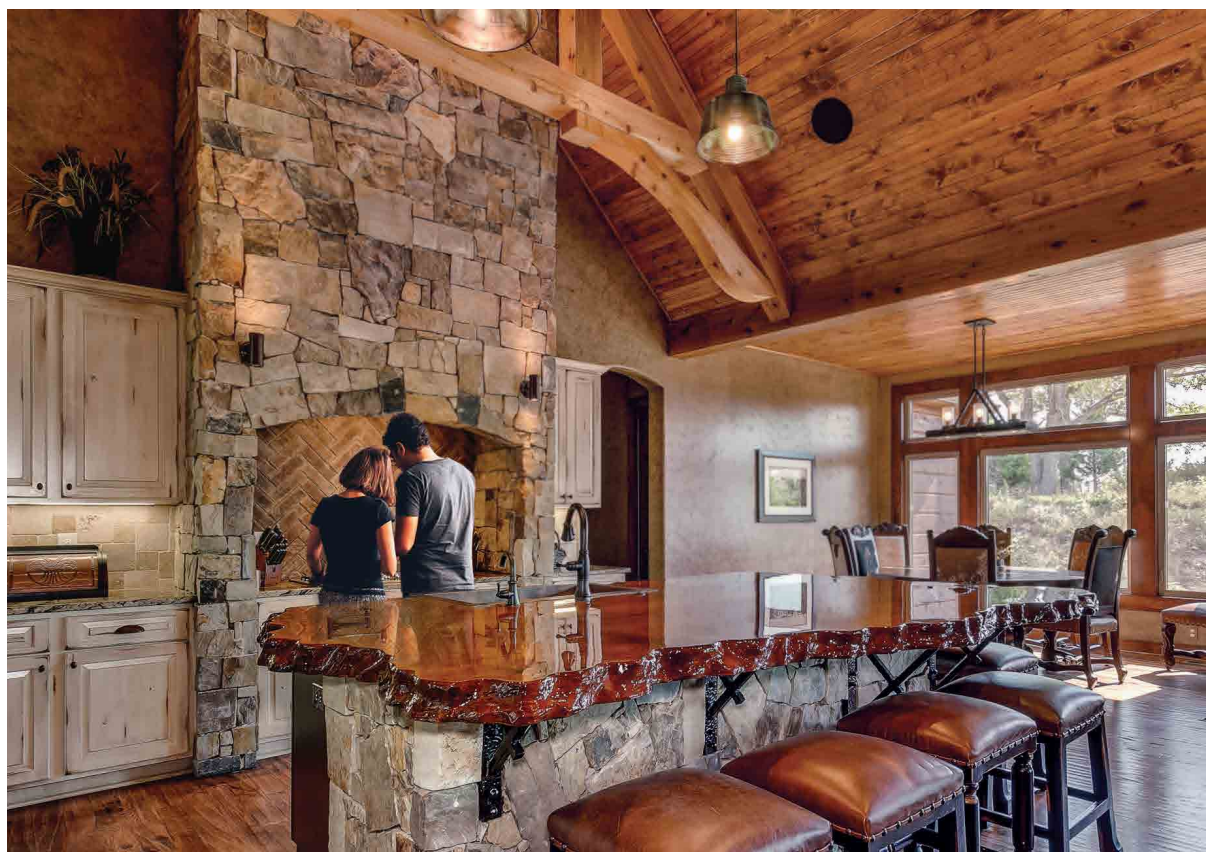

Tricia Lavery

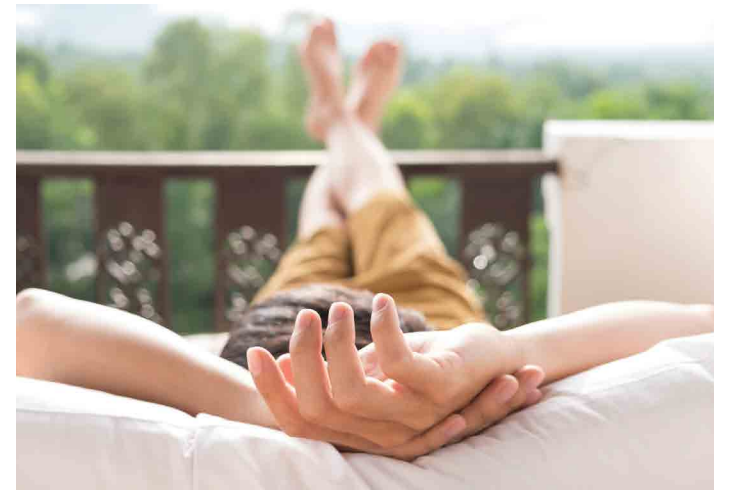

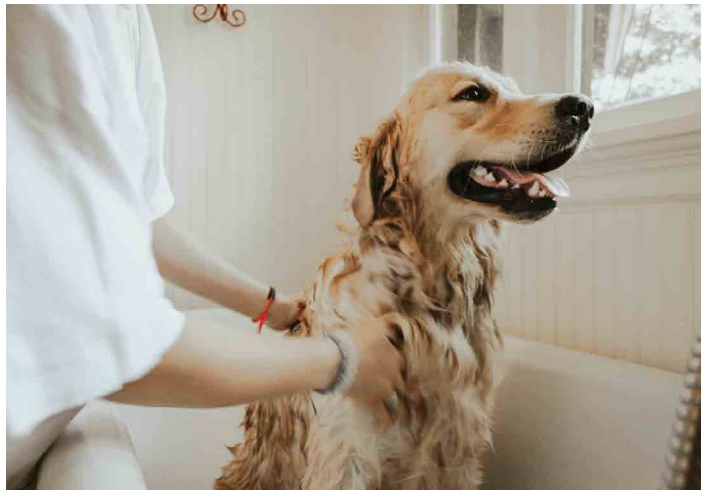

"Our experience exceeded our expectations from beginning to end. Craig made sure we were 100% satisfied with every step, every detail, and if we weren't, he made it so without giving it a second thought. Craig's personality and calm demeanor resonates through his subcontractors as well. They were flexible, dedicated, and produced quality work that you can't find in just any new home. Craig made our dream a reality, and we wouldn't change a thing. Because of his vision and passion we not only have a safe, beautiful house, we have a home we are proud of."

Shane & Tiffany Cash
